record**

Please don't let this place be open until 2 am. This is a quieter area of the college sector. It is mostly older students and graduate students here who want to stay outside of the noise of dinkytown, not to mention the families and older people in the expensive homes nearby. Anywhere open this late that has sitting space will absolutely attract noise and the wrong kind of attention - look at Frank and Andrea's a few blocks down. I think being open until 8 or 9 would be okay, but 2 is way too late for somewhere like this. Please don't allow this, and please respect our quiet and peace.

Comments- all will be part of the public record	I'm a student in the area and having a coffee spot open until 2am would be SUPER useful. I'm a bit concerned about what those hours would mean in practice for Ramadan's employees.

Name of the business	Ramadan's Cafe

Cody-Marcy Holmes residence

He is in support of the extended hours and the business but has concerns about parking in the area since they have no parking lot and drivers visibility for illegally parked vehicles in the area that could lead to accidents.

Comments- all will be part of the public record	This is a quiet pocket full of adult home owners and young students who wanted somewhere safer and more quiet to go. If we need anything over here, it would be a decent grocery store. We do NOT need a cafe that stays open until the late hours of the night, even if they won't have music. Not to mention there are student apartments right above the cafe. There is no reason for a cafe to stay open late night unless they're serving alcohol, which would be a disaster over here. Crime is already a problem in Dinkytown right across the bridge and we do not need a late night open spot to potentially draw more people over and cause disruption. People move here for a reason and that's because it's quiet. We value our peace here and also don't need the parking congestion, which there would be so much more of for a cafe with 50 tables and zero parking on the highway corner.
