Please reject the mayoral re-appointment of Toddrick Barnette for a 4 year term to the commissioner of community safety. This position is the equivalent of a C-Suite role in the corporate world and in that world, commissioner Barnette would be removed for his mis-management of the divisions under him. During his service he has frequently appeared in front of council unable to answer basic questions about the operations of divisions under him. At least one of the divisions under his purview has a reckless inability to adhere to its budget. The residents of Minneapolis deserve a commissioner who takes their management of the office seriously and understands its internal operations and budget. Our highly paid city leaders must be held accountable to the public and the council's budgetary authority. It's imperative for the council to exercise its oversight authority by rejecting this re-appointment.
