Dear Committee members,

Indeed Brewing Company is applying for permanent expansion of its on-sale premises—expanding its patio permanently into the East parking lot at the Solar Arts Building.

The Logan Park Neighborhood Association fully supports this application for permanent patio expansion. Since their opening, Indeed has been a valuable partner with our association in local events, and we believe this expanded outdoor space will be a great addition that our neighbors will enjoy.

We appreciate our long-time partnership with Indeed Brewing Company leadership and look forward to having our neighbors enjoy a drink on their patio this summer.

Sincerely,

LOGAN PARK NEIGHBORHOOD ASSOCIATION
