Subject: Indeed PH response for 6/16/26 BHZ
Date: Tuesday, June 16, 2026 11:38:44 AM
Attachments: [image001.png](#)

Your name (optional)	David Alexander Jenner
Comments- all will be part of the public record	My home is at 1523 Monroe N.E. I am very concerned about the potential for undesirable, excessive, noise that will result from the granting of the "upgrade of entertainment level" license for 'Indeed Brewing". We have lived here for many years and have lived through the days when there were live, outdoor, concerts (Art-a-whirl for example). We often can hear the music howling when we try to enjoy our own back yard. You can still hear it with all of the windows closed. The best part is that those events go away, so you have another day of peace to look forward to. If this license is granted there could be bands playing, loud, every single day. That would affect my mental health and cause me to be unable to enjoy my own property, which, by the way, I will be required to share with any future, potential property buyers, when we're ready to sell our house! Thank You, David Jenner
Today's date	06/16/26
Name of the business	Indeed Brewing Company - "Public Hearing" on June 16th at 1:30 pm

Thank you

Lisa Chmelar
