Comments- all will be part of the public record	I have lived in Uptown for a total of 20 years spanning back to 1999. I currently liv less than 1 block away.Bryant Lake Bowl is iconic and a cornerstone of the neighborhood. The establishment, staff and customers are also great stewards of the neighborhoods. I have never encountered or heard of any issues or disruptions associated with the establishment. On the contrary, I would be 100% supportive of the proposed outdoor expansion, as should the neighborhood and city, especially considering the current economic struggles of commercial entities in Uptown. Comments- all will be part of the public record	As a 10+ year resident of the neighborhood, I fully support Bryant Lake Bowl expanding its business to include a seasonal street cafe. BLB is a wonderful neighbor offering community, good food, entertainment, and positive vibes to the area. They have always been respectful and courteous neighbors, while being a welcoming place for everyone to gather. Allowing for additional outdoor seating at their business will bring even more vibrancy to the area.
