The Minneapolis City Council hereby adopts a report designating that in accordance with procedures set out at Minnesota State Statutes , Section 429.101, and authority derived from special legislation applying to the City of Minneapolis, the City finds it to be in the interest of all citizens that the maintenance of the city street system promotes the general health, safety, and well-being of the citizenry and provides a benefit to each and every parcel within the City, and further that the cost of street maintenance should be offset by imposing a street maintenance assessment upon benefited parcels that are otherwise exempt from ad valorem taxation. Further, that the City Engineer has presented the details required by Minnesota State Statutes, Section 429, in connection with Street Maintenance District No. 1 for assessment of the maintenance costs on Minneapolis streets for the convenience and safety of the whole City of Minneapolis area.
