Councilmember Warren's attacks on MPHA, most likely at the direction of Jackie Cherryhomes, her donors, and her loyalty to this administration, are completely irrelevant taken outside of the context of accountability for the slumlords she protects. MPHA has been stripped apart by Jacob Frey and his friends piece by piece, leaving renters with awful conditions, privatized housing that isn't public, and a complete lack of oversight and consideration to entities like Property Systems and Solutions, which she conveniently left out of all conversations regarding Heritage Park. This little mission to discredit MPHA is a sad attempt to draw attention away from the criminals in the housing system, who put her in office. Prior to enacting an empty, misled, and futile directive, perhaps addressing the mishandling of millions of dollars by entities she wants to give me to should be discussed.
