Thanks All-

Adding in Julie so that she can attach this PDF with the request to the Council Resolution.

And – just want to flag something you all probably already caught – they seem to want to have music a few times a year – they will need an additional license I am guessing....

Appreciate it! - Therese

Subject: FW: Update on Change of License

Therese,

Per your request for 2170 Ford Parkway – DBA: Lunds & Byerlys, below is the email chain between Ross Haddow and the license holder for the request to remove the license condition, attached is a copy of the revised District Council form. I copied Dan Niziolek as well, after discussing this with Ross, it's my understanding he and Dan worked on this license together to push the license through council with the idea or per notion that DSI would remove the condition after the issuance of license.

Ross or Dan may clarify more if needed, let me know if you need anything else.

Thanks,

Joseph Voyda – Inspector III

Joe,

Please see below for the request to remove the condition from their license.

Thank you,
Ross

Think Before You Click: This email originated **outside** our organization.

We are interested in having the one condition removed from our license, please see attached.

Thanks

Hello Dawn,

The way that the change to your license will happen from the City side is that we are going to remove the one condition on your license. Once that condition is removed, you will be able to operate without the required food component. In order to do that, a 15 day Public Notification will need to go out and due to a change in license procedures, you will need to send the attached document to your district council letting them know that you are requesting the condition to be removed.

I have also included the exact language of the condition on your license that will need to be removed. If you have any questions, please let me know.

Thank you,
Ross
