The Department asserts that their recommendation is supported under Saint Paul Legislative Code, that it is reasonable and that it will promote the public health, safety and welfare of advancing the public peace, assist in deterring crime, aid in police investigations and solving crime and aid in the elimination of conditions or actions that constitute a nuisance or a detriment to the peaceful enjoyment of urban life, or promoting security and safety in nearby neighborhoods:

Saint Paul Legislative Code §310.01, defines Adverse Action as:

> "the revocation or suspension of a license, the imposition of conditions upon a license, the denial of an application for the grant, issuance or renewal of a license, the imposition of a fine, the assessment of the costs of a contested hearing, and any other disciplinary or unfavorable action taken with respect to a license, licensee or applicant for a license. "Adverse action" includes any of the foregoing directed at one (1) or more licenses held by a licensee at any location in the city. "Adverse action" also includes disapproval of licenses issued by the state under statutory provisions which permit the governing body to disapprove the issuance of the license."

Saint Paul Legislative Code §310.04 (b) "Basis for Action" states that:

> "Such adverse action may be based on one (1) or more of the following reasons which are in addition to any other reason specifically provide by law or in these chapters..."

Additionally, Saint Paul Legislative Code §310.04 (c) allows for the imposition of license conditions and/or restrictions upon a license when a reasonable basis is found to impose reasonable conditions:

> "c) *Imposition of reasonable conditions and/or restrictions.* When a reasonable basis is found to impose reasonable conditions and/or restrictions upon a license issued or held under these chapters, any one (1) or more such reasonable conditions and/or restrictions may be imposed upon such license for the purpose of promoting public health, safety and welfare, of advancing the public peace and the elimination of conditions or actions that constitute a nuisance or a detriment to the peaceful enjoyment of urban life, or promoting security and safety in nearby neighborhoods. Such reasonable conditions and/or restrictions may include or pertain to, but are not limited to:
>
> (1) A limitation on the hours of operation of the licensed business or establishment, or on particular types of activities conducted in or on said business or establishment;
>
> (2) A limitation or restriction as to the location within the licensed business or establishment where particular type of activities may be conducted;

Sergeant Graupman, the Saint Paul Police Officer assigned to the Department, has reviewed a number of police reports related to incidents which occurred at the licensed premises. Based on the Sergeant's training and experience he believes that the imposition of a condition relating to video surveillance camera and lighting plan will improve and promote public health and safety at the licensed establishment and in the nearby neighborhood as it would ensure that video would be available if another incident occurred. He bases this belief on his knowledge that security cameras and proper lighting assist business/property owners in improving workplace safety, deterring crime and assist law enforcement investigation in identifying suspects and solving crimes. The police reports reviewed by Sergeant Graupman include:

On January 29, 2022, St. Paul Police were called to the licensed premises concerning a Disturbance – Disorderly Boys, Girls, Persons. (CN 22-015-943)

(CN #22-040-465).

On June 19, 2022, St. Paul Police were called to the licensed premises concerning a Disturbance – Disorderly Boys, Girls, Persons. (CN 22-108-085)

On October 23, 2022, St. Paul Police were called to the licensed premises concerning a Disturbance – Disorderly Boys, Girls, Persons. (CN 22-037-262)

On December 11, 2022, St. Paul Police took a report of an assault that occurred at the licensed premises. The caller told officers that while inside the bar an acquaintance assaulted her. No medical attention needed both parties separated and left the bar. (CN #22-227-064)

On January 8, 2023, at approximately 3:09 a.m., St. Paul Police were dispatched to the licensed premises in reference to the report of a code enforcement complaint. The caller observed Plum's was still open and serving people drinks after 2:00 a.m. Upon arrival, the officer called the complainant who stated he saw Plum's serving people at approximately 2:45 a.m. The caller also stated he has seen this happen at least three (3) times in the past two weeks. The caller also stated that he knows people personally who have had drinks served to them past closing time at Plum's. (CN 23-003-827).

Licensing Manager, Eric Hudak called the Licensee after the shooting incident and learned that there was no video in the Licensed Premises. The Licensee told Licensing Manager Hudak that he was arranging a meeting with professional security consultants to identify and implement potential additional security measures. Licensing Manager Hudak has attempted to call the Licensee a number of times to gain information on his findings and has not been able to gain the necessary information.

You have four (4) options to proceed:

1. If you do not contest the imposition of the proposed license condition you can return a signed License Condition Affidavit and this matter will be placed on a City Council Agenda for approval. If this is your choice, you should return the signed License Condition Affidavit directly to the Department of Safety and Inspections, at 375 Jackson Street, Ste. 220, St. Paul, Minnesota 55101-1806 no later than **May 8, 2023**. A self-addressed envelope is enclosed for your convenience. Submission of a signed License Condition Affidavit will be considered an admission to the facts and a waiver of the hearing to which you are entitled.

2. You may do nothing. If I have not heard from you by **May 8, 2023**, I will presume that you have chosen not to contest the proposed license condition and the matter will be placed on the City Council Consent agenda for imposition of the proposed license condition.

3. If you wish to admit the facts but you contest the proposed license condition, you may have a hearing before the Saint Paul City Council. You will need to send me a letter with a statement admitting to the facts and requesting a Council hearing no later than **May 8, 2023.** The matter will then be scheduled before the City Council to determine whether to impose the proposed license condition. You will have an opportunity to appear before the Council and make a statement on your own behalf.

4. If you dispute the facts outlined above, you may request a hearing before an Administrative Law Judge ("ALJ"). You will need to send me a letter disputing the facts and requesting an administrative hearing no later than **May 8, 2023.** At that hearing both you and the City will appear and present witnesses, evidence and cross-examine each other's witnesses. After receipt of the ALJ's report (usually within 30 days), a hearing will need to be scheduled before the City Council. At that time, the City Council will decide whether to adopt, modify or reject the ALJ's report and recommendation.

   Please note: If you choose an administrative hearing, the Department of Safety and Inspections reserves the right to recommend that City Council impose the costs of the administrative hearing per Saint Paul Legislative Code §310.03 (k).

If you have not contacted me by May 8, 2023, I will assume that you do not contest the imposition of the proposed license condition. In that case, the matter will be placed on the City Council Consent Agenda for approval of the recommended Adverse Action.

Man, 19, wounded when he's shot in leg in bar in St. Paul's Mac-Groveland

PUBLISHED: March 11, 2022 at 11:35 a.m. | UPDATED: March 11, 2022 at 3:21 p.m.

A man was shot and wounded in a bar in St. Paul's Macalester-Groveland early Friday.

Officers found the 19-year-old lying on the sidewalk outside Plums Bar & Grill with a gunshot wound to the leg at about 12:30 a.m., said Sgt. Natalie Davis, a police spokeswoman.

He told officers he was inside the bar at Snelling and Randolph avenues when he heard a loud pop and realized he was shot, Davis said. There were numerous people leaving the bar when officers arrived.

Paramedics took the man to Regions Hospital with non-life threatening injuries. No one was under arrest as of Friday afternoon.

Plums owner Dan McQuillan said there was not a confrontation or fight and he was told by police that, as of this point in the investigation, it may have happened when a gun accidentally discharged.

"We've owned the place for 35 years and never had anything like this happen before," McQuillan said.

Everyone who comes into the bar has to present identification showing their age, which McQuillan said indicates the 19-year-old showed an ID that said he was 21 or older. "We'll continue to enforce that and … make sure we're up to date with any forms of ID that are circulating," he said.

Synopsis :

Narrative :

I, Sgt. C. Graupman am currently assigned to the Department of Safety & Inspection, located at 375 Jackson St. As part of my regular duties, I assist DSI Licensing Inspectors with monitoring, reviewing and recording activities at businesses that pertain to their current licensing conditions. This is done to ensure that businesses are operating within the licensing conditions they are mandated to follow by the City of St. Paul and that public safety is regarded while doing so.

On 01/10/23, I received this case on transfer for review and investigation, due to potential code and life safety concerns related to this property. I began by reviewing all of the included reports and information, as well as any pictures if applicable. The reports on all parties involved were reviewed to determine the course of investigation, as well as the level and probability of solvability. This is all done for information gathering purposes, as well as possible future criminal charges.

Officers indicated in the original report that they spoke with the complainant over the phone regarding a complaint of after hours liquor service occurring at Plumbs Neighborhood Bar & Grill, 480 Snelling Ave. reported to the officers that he lives near the business and witnessed on this occasion and (3) other occasions, the business operating and serving drinks after 0200 hrs.

On 01/10/2022, I reviewed officer Ijomah's BWC as part of my investigation, I noted that Officers drove past the business but did not capture the business being open, make contact with any customers or staff that would further substantiate the alleged violations.

I then attempted to contact by phone to speak with him further regarding the complaint. Upon calling, I received no answer but did leave a voicemail for to contact me at his earliest convivence.

I later spoke with DSI Licensing Manager Eric Hudak regarding the matter and also entered a complaint for Inspector review and follow up.

Chapter 310. Uniform License Procedures

The procedures in this chapter are meant to govern the issuance of all licenses and certain permits in the City of Saint Paul unless a different process is required by statute. The requirements laid out in this chapter are meant to supersede all requirements laid out in ordinance related to Applications for the Grant or Issuance of a License, New Application Investigation and Review, Application Denial, Notice, Levels of Approval, Objections, and Renewal Procedures.

Sec. 310.01. Definitions.

For the purposes of this chapter, any chapter of the Legislative Code pertaining to licenses as hereinafter mentioned, and subsequently enacted ordinances establishing or relating to the requirements for Class R, for routinely issued licenses, Class T for temporary licenses and Class N for licenses in which neighbors are required to be notified, under authority of the City of Saint Paul, the terms defined in this section will have the following meanings:

Adverse action means the revocation or suspension of a license, the imposition of conditions upon a license, the denial of an application for the grant, issuance or renewal of a license, the imposition of a fine, the assessment of the costs of a contested hearing, and any other disciplinary or unfavorable action taken with respect to a license, licensee, or applicant for a license. "Adverse action" includes any of the foregoing directed at one (1) or more licenses held by a licensee at any location in the city. "Adverse action" also includes disapproval of licenses issued by the state under statutory provisions which permit the governing body to disapprove the issuance of the license.

Sec. 310.04. Revocation; suspension; adverse actions; imposition of conditions.

(a) *Council may take adverse action.* The council is authorized to take adverse action, as defined in section 310.01 above, against any or all licenses or permits, licensee or applicant for a license, as provided in and by these chapters. Adverse actions against entertainment licenses issued under chapter 411 of the Legislative Code may be initiated for the reasons set forth in subsection (b) below, or upon any lawful grounds which are communicated to the license holder in writing prior to the hearing before the council. Such actions must be initiated and carried out in accordance with the procedures outlined in section 310.03; provided, however, that the formal notice of hearing must be used to initiate the adverse action.

(b) *Basis for action.* Such adverse action may be based on one (1) or more of the following reasons, which are in addition to any other reason specifically provided by law or in these chapters:

(1) The license or permit was procured by misrepresentation of material facts, fraud, deceit or bad faith.

(2) The applicant or one acting in his or her behalf made oral or written misstatements or misrepresentations of material facts in or accompanying the application.

(3) The license was issued in violation of any of the provisions of the zoning code, or the premises which are licensed, or which are to be licensed do not comply with applicable health, housing, fire, zoning and building codes and regulations.

(4) The license or permit was issued in violation of law, without authority, or under a material mistake of fact.

(5) The licensee or applicant has failed to comply with any condition set forth in the license or set forth in the resolution granting or renewing the license.

(6) a. The licensee or applicant (or any person whose conduct may by law be imputed to the licensee or applicant) has violated, or performed any act which is a violation of, any of the provisions of these chapters or of any statute, ordinance or regulation reasonably related to the licensed activity, regardless of whether criminal charges have or have not been brought in connection therewith;

b. The licensee or applicant has been convicted of a crime that may disqualify said applicant from holding the license in question under the standards and procedures in Minnesota Statutes chapter 364; or

c. The licensee or applicant (or any person whose conduct may by law be imputed to the licensee or applicant) has engaged in or permitted a pattern or practice of conduct of failure to comply with laws reasonably related to the licensed activity or from which an inference of lack of fitness or good character may be drawn.

(7) The activities of the licensee in the licensed activity created or have created a serious danger to the public health, safety or welfare, or the licensee performs or has performed his or her work or activity in an unsafe manner.

(8) The licensed business, or the way in which such business is operated, maintains or permits conditions that unreasonably annoy, injure or endanger the safety, health, morals, comfort or repose of any considerable number of members of the public.

(9) Failure to keep sidewalks or pedestrian ways reasonably free of snow and ice as required under chapter 114 of the Saint Paul Legislative Code.

(10) The licensee or applicant has shown by past misconduct or unfair acts or dealings: physical abuse, assaults or violent actions done to others, including, but not limited to, actions meeting the definition of criminal sexual conduct pursuant to Minnesota Statutes sections 609.342 through 609.3451; sexual abuse, physical abuse or maltreatment of a child as defined in Minnesota Statutes section 626.556, subdivisions 2 and 10e, including, but not limited to, acts which constitute a violation of Minnesota Statutes sections 609.02, subdivision 10; 609.321 through 609.3451; or 617.246; neglect or endangerment of a child as defined in Minnesota Statutes section 626.557, subdivision 2; the manufacture, distribution, sale, gift, delivery, transportation, exchange or barter of a controlled substance as defined in Minnesota Statutes chapter 152; the possession of a controlled substance as defined in Minnesota Statutes chapter 152 in such quantities or under circumstances giving rise to a reasonable inference that the possession was for the purpose of sale or distribution to others; or by the abuse of alcohol or other drugs, that such licensee or applicant is not a person of the good moral character or fitness required to engage in a licensed activity, business or profession.

(11) The licensee or applicant has materially changed or permitted a material change in the design, construction or configuration of the licensed premises without the prior approval of the city council in the case of Class N licenses, the Director in the case of Class T licenses, and the Director in the case of Class R licenses, or without first having obtained the proper building permits from the city.

(12) The licensee or applicant has violated section 294.01 of the Legislative Code or has made or attempted to make a prohibited ex-parte contact with a council member as provided in section 310.03 (c-2) of the Legislative Code.

(13) The licensee violated the law, or any license condition and that violation is related to a death or great bodily harm, as defined in Minnesota Statute section 609.02, subd. 8, in or near the establishment.

(14) The licensee has failed to pay license fees within sixty (60) days of the date the fees are due. Licensee must pay any outstanding fees and delinquent fees in total. Failure to do so within sixty (60) days of the due date may result in revocation of the license. A revocation for this reason, however, is not considered a revocation resulting from misconduct or unfitness of the licensee, evidence of violations of law involving licensed premises, evidence that the applicant had been involved in the operation of a nuisance, or fraud or deception in the license application. Therefore, the requirement of § 310.02 prohibiting re-application within one year of revocation shall not apply to revocations under this paragraph.

The terms "licensee" or "applicant" for the purpose of this section means and includes any person who has any interest, whether as a holder of more than five (5) percent of the stock of a corporation, as a partner, or otherwise, in the premises or in the business or activity which are licensed or proposed to be licensed.

With respect to any license for activities entitled to the protection of the First Amendment, notwithstanding the foregoing provisions, neither the lack of good moral character or fitness of the licensee or applicant nor the content of the protected speech or matter must be the basis for adverse action against the license or application.

(c) *Imposition of reasonable conditions and/or restrictions.* When a reasonable basis is found to impose reasonable conditions and/or restrictions upon a license issued or held under these chapters, any one (1) or more such reasonable conditions and/or restrictions may be imposed upon such license for the purpose of promoting public health, safety and welfare, of advancing the public peace and the elimination of conditions or actions that constitute a nuisance or a detriment to the peaceful enjoyment of urban life, or promoting security and safety in nearby neighborhoods. Such reasonable conditions and/or restrictions may include or pertain to, but are not limited to:

(1) A limitation on the hours of operation of the licensed business or establishment, or on particular types of activities conducted in or on said business or establishment;

(2) A limitation or restriction as to the location within the licensed business or establishment where particular type of activities may be conducted;

(3) A limitation as to the means of ingress or egress from the licensed establishment or its parking lot or immediately adjacent area;

(4) A requirement to provide off-street parking in excess of other requirements of law;

(5) A limitation on the manner and means of advertising the operation or merchandise of the licensed establishment;

(6) Any other reasonable condition or restriction limiting the operation of the licensed business or establishment to ensure that the business or establishment will harmonize with the character of the area in which it is located, or to prevent the development or continuation of a nuisance.

The Director may recommend the imposition of such reasonable conditions and/or restrictions as an adverse action against the license or licenses. The council may impose such conditions with the consent of the license holder, as an adverse action against the license or licenses following notice and hearing as may be required. Such conditions may be imposed on a license or licenses upon issuance or renewal thereof, or upon and as part of any adverse action against a license or licenses, including suspension. Conditions imposed on a license or licenses will remain on such licenses when renewed and must continue thereafter until removed by the council.

(d) Restrictions on intoxicating liquor, non-intoxicating and malt liquor licenses.

When a reasonable basis is found by the council to impose restrictions or conditions upon an intoxicating liquor license held under this chapter, the council, upon issuing a new license or renewing a license or approving a transfer of a license, may impose reasonable conditions and restrictions pertaining to the manner and circumstances in which the business to preserve the public peace and protect and promote good order and security. These reasonable conditions or restrictions may pertain to:

(1) the hours when intoxicating liquor may be sold and/or consumed on the licensed premises;

(2) the exact location within a building where intoxicating liquor will be served and/or sold and/or consumed;

(3) the means of ingress to or egress from the licensed establishment;

(4) a requirement that certain off-street parking facilities be provided;

(5) a condition that the license will be in effect only so long as the establishment remains a drugstore, restaurant or hotel as defined by the state liquor act or regulations adopted pursuant thereto;

(6) the means and methods of advertising the sale of intoxicating liquor on the building and/or on the premises adjacent thereto;

(7) Reasonable conditions limiting the operation of the licensed premises so as to ensure that the licensed business will comport with the character of the district in which it is located and/or to the end that nuisances will be prevented; and

(8) Additional conditions upon hotels and restaurants which may in the discretion of the council tend to ensure that the sale of liquor will take place only in conjunction with the sale and service of food.

(e) *Standards for multiple license determination.* In any case in which the council is authorized to take adverse action against less than all of the licenses held by a licensee, or applied for by an applicant, the following standards may be used:

(1) The nature and gravity of the grounds found by the council to exist upon which the adverse action would be based;

(2) The policy and/or regulatory goals for the particular licenses involved, either as embodied in the Legislative Code or as found and determined by the council;

(3) The interrelationship of the licenses and their relative importance to the overall business enterprise of the licensee or applicant;

(4) The management practices of the licensee or applicant with respect to each of such licenses;

(5) The extent to which adverse action against less than all of the licenses or applications would result in difficulty in enforcing and monitoring the adverse action taken;

(6) The hardship to the licensee or applicant that would be caused by applying adverse action to all licenses or applications; and

(7) The hardship and/or danger to the public, or to the public health and welfare, that would result from adverse action against less than all of the licenses or applications.
