---

Good afternoon. This is Luke Garafola at GARAFOLA, Luke Garafola at 735 Mount Curve Blvd. St. Paul, MN 55116. I'm calling today about the mill and overlay charge assessment that I'm looking at here. I'm these things are starting to add up and it's making it damn near impossible to live in Saint Paul these days to own a rental property. I should say in Saint Paul these days. I'm very curious to see where my taxes tax dollars I'm going. I'm paying seventy two hundred dollars a year and then throw this two thousand dollar bill on top of that. I know their assessment came in right here it it's just becoming a challenge here. Along with that the stipulations with the limit on the rent increase. I'm losing money on this deal now in my neighborhood. I don't know I just was hoping we could get this thing resolved here and start making Saint Paul great again and this is just not working for me right now. So I hope we can now resolve some of these issues and start putting some of this tax dollars to work. I not sure where they're going right now. I just wanted to voice my concern. Thank you so much.
