

CCTVs Location Map - Citywide

This map displays the citywide distribution of CCTV cameras in St. Paul, Minnesota. The cameras are represented by blue circular icons with a camera lens symbol. Many of these icons contain white numbers, indicating the quantity of cameras at specific locations or along certain routes. The map shows a high concentration of cameras in the central urban area, particularly around the downtown core and the Mississippi River. Other clusters are visible in the northern and southern parts of the city. The map includes labels for major streets, highways, parks, and landmarks, providing a comprehensive overview of the city's layout and the strategic placement of its surveillance infrastructure.
