Subject: Assessment 248300

Hello,

I am writing to ask about my assessment (#248300). I received the notification in the mail while I was out of the country and the 7 days had passed before I came home. I called the inspector and found out he was in turn out of the office. I went to city hall to figure out how to best get this taken care of and showed them that I had already scheduled the bagster pickup for 4/7/23 which was the earliest I could get. While at city hall the gentleman at the desk (I can't remember his name) left a message for the inspector who had taken over my assessment and let them know the situation. I was told that since I was out of the country and had taken the necessary steps upon my return to fix the situation that I would not have to worry about this. Now I am seeing that I am being billed for this and would like to know what my options are.

Thanks
