RE: Tree Trimmer and Tree Trimmer Vehicle license applications submitted by Metro Tree & Stump Service d/b/a Metro Tree and & Stump Service for the premises located at 10101 Naples Street Northeast, Blaine, MN 55449
License ID #: 20190002218

Dear Applicant:

The Department of Safety and Inspections will recommend denial of the Tree Trimmer, and Tree Trimmer Vehicle license applications submitted by Metro Tree & Stump Service d/b/a Metro Tree & Stump Service ("Licensee") located at 10101 Naples Street Northeast in Blaine.

Legal Basis for Adverse Action:

Saint Paul Legislative Code §310.01, defines Adverse Action as:

"the revocation or suspension of a license, the imposition of conditions upon a license, the denial of an application for the grant, issuance or renewal of a license, the imposition of a fine, the assessment of the costs of a contested hearing, and any other disciplinary or unfavorable action taken with respect to a license, licensee or applicant for a license. "Adverse action" includes any of the foregoing directed at one (1) or more licenses held by a licensee at any location in the city. "Adverse action" also includes disapproval of licenses issued by the state under statutory provisions which permit the governing body to disapprove the issuance of the license."

Saint Paul Legislative Code §310.03 requires that new license applications be investigated and reviewed stating:

"The inspector shall determine the sufficiency and accuracy of each new application and obtain such criminal history information as may be used under Minnesota Statutes, chapter 364, and is otherwise available by law."

Saint Paul Legislative Code §310.04(a) states: "Where an application for the grant, issuance or renewal of a Class R license meets all the requirements of law, and there exists no ground for denial, revocation or suspension of, or the imposition of conditions upon, such license, the director shall grant, issue or renew said license in accordance with the application."

Saint Paul Legislative Code § 362.01 states: "No person shall fell, cut, or trim any tree for hire in Saint Paul, or engage in the business of so doing without a license. This shall apply only to the felling, cutting, or trimming of trees, limbs and branches which are two (2) inches or more in diameter at the point of cutting or severance."

Saint Paul Legislative Code § 362.03(a) states: "In addition to other required information, the application shall state the . . . make and style of trucks or vehicles to be used by the applicant in carrying on the business of tree trimmer." Saint Paul Legislative Code § 362.03(c) goes on to state: "The department of safety and inspections shall furnish the licensee with a sticker for each vehicle licensed".

Adverse Action Recommendation:

Because you have been notified several times that your license application needed to include a vehicle inspection and because you cannot be for your failure to respond to emails and phone calls attempted by the Department, the Department of Safety and Inspections will recommend denial of the Tree Trimmer and Tree Trimmer Vehicle license applications based on violation to Saint Paul Legislative Code § 310.03 and § 310.04(a).

Factual basis for denial of Tree Trimmer and Tree Trimmer vehicle license applications:

On July 11, 2019, you submitted Class "R" License Applications for a tree trimming and tree trimmer vehicle licenses.

On July 20, 2020, the Department sent a delinquent letter to the licensee for failure to keep the licenses in proper order.

On September 2, 2020, the licensee had failed to respond to the delinquent letter and the license was canceled as a voluntary surrender of the license.

On April 13, 2021, the licensee re-applied for the tree trimmer and tree trimmer vehicle licenses. That same day the Department sent an email requesting the required vehicle information.

On March 29, 2023, the Department left a voicemail with the licensee regarding the need to get a vehicle inspection on the pending application.

On October 9, 2023, licensing inspector Allan Vang sent an email to metrotree1@gmail.com, the applicant's email address. In the email Inspector Vang asked the licensee to schedule vehicle inspections for all the vehicles that would be operating in Saint Paul. Inspector Vang gave the licensee until October 23, 2023, to respond otherwise an adverse action would commence to deny the license.

On October 13, 2023, Inspector Vang sent out another email to metrotree1@gmail.com outlining several other requirements needed to complete the licensing application requirements.

On November 1, 2023, Inspector Vang called and left a message with the front counter at the applicant's office and emailed the applicant at metrotree1@gmail.com stating that the Department had yet to receive any of the required information needed to approve the licenses.

The emails and voicemails stated that if you failed to take appropriate action in this matter, the Department of Safety and Inspections would recommend that adverse action be taken to deny your license applications.

As of today, the Department of Safety and Inspections has not been contacted with the information requested to continue processing your license applications.

You have five (5) options on how to proceed:

1. If I have not heard from you by **December 18, 2023**, I will presume that you have chosen not to contest the proposed adverse action and the matter will be placed on the City Council Agenda for approval of the proposed remedy and denial of you license application.

2. Submit the required information requested to the Department of Safety and Inspections (DSI) located at 375 Jackson Street, Ste. 220, St. Paul, Minnesota 55101-1806 no later than **December 18, 2023**.

3. If you wish to admit the facts but you contest the penalty, you may have a hearing before the Saint Paul City Council. You will need to send me a letter with a statement admitting to the facts and requesting a public hearing no later than **December 18, 2023**. The matter will then be scheduled before the City Council to determine whether or not your Tree Trimmer and Tree Trimmer Vehicle license applications should be denied. You will have an opportunity to appear before the City Council and make a statement on your own behalf.

4. If you dispute the facts outlined above, you may request a hearing before an Administrative Law Judge ("ALJ"). You will need to send me a letter disputing the facts and requesting an administrative hearing no later than **December 18, 2023**. At that hearing both you and the City will appear and present witnesses, evidence and cross-examine each other's witnesses. After receipt of the ALJ's report (usually within 30 days), a hearing will need to be scheduled before the City Council. At that time, the City Council will decide whether to adopt, modify or reject the ALJ's report and recommendation.

Please note: If you choose an administrative hearing, the Department of Safety and Inspections reserves the right to recommend that City Council impose the costs of the administrative hearing per Saint Paul Legislative Code §310.05 (k).

5. You can withdraw your Tree Trimmer and Tree Trimmer Vehicle license applications. Complete and return the attached REQUEST TO WITHDRAW REQUEST FOR REFUND form to the Department of Safety and Inspections (DSI), located at 375 Jackson Street, Ste. 220, St. Paul, Minnesota 55101-1806 no later than **December 18, 2023**.

If you have not contacted me by December 18, 2023, I will assume that you do not contest the denial of your Tree Trimmer and Tree Trimmer Vehicle license applications. In that case, the matter will be placed on the next available City Council Consent Agenda for approval of the recommended penalty.

If you have questions about these options, please contact my Law Clerk, Alan Tellez Berkowitz at (651) 266-8744 or alan.tellez@ci.stpaul.mn.us.

Sec. 310.04. - Levels of approval; recommendations.

- (a) *Class R licenses.* Where an application for the grant, issuance or renewal of a Class R license meets all the requirements of law, and there exists no ground for denial, revocation or suspension of, or the imposition of conditions upon, such license, the director shall grant, issue or renew said license in accordance with the application.
- (b) *Class T licenses.* Where an application for the grant, issuance or renewal of a Class T license meets all the requirements of law, and there exists no ground for denial, revocation or suspension of, or the imposition of conditions upon, such license, the director shall grant, issue or renew said license in accordance with the application.
- (c) *Class R and Class T licenses, if denied by director.* In the event the director, in the case of both Class R and Class T licenses, determines that the application for grant, issuance or renewal of the license does not meet all the requirements of law or that there exist grounds for denial, revocation, suspension or other adverse action against the license or the licensee, the director shall recommend denial of the application and follow the procedures for notice and hearing as set forth in section 310.05.
- (d) *Class N licenses.*
 - (1) *Grant, issuance or transfer.* Upon receipt of a fully completed application and required fees for a Class N license, the director shall conduct such investigation as is required to determine whether the application meets all the requirements of law or whether there exist grounds for denial or imposition of conditions on the license. The director shall, in writing, notify the council, and the affected neighborhood organization(s) established for citizen participation purposes, of the existence of the application for all Class N licenses. In any case where the director recommends denial of the grant, issuance or renewal of a Class N license, the director on his or her own initiative, or at the direction of the council, shall follow the procedures for notice and hearing as set forth in section 310.05. If the director is recommending issuance of the license, but the affected neighborhood organization(s) or other interested persons give notice within thirty (30) days of receipt of notice of the existence of the application (or within forty-five (45) days if the application involves a liquor license) of objection to issuance of the license, the matter shall be referred for a hearing before the legislative hearing officer, who shall give notice of the time, place and date of the hearing to the affected neighborhood organization(s) and the applicant. The legislative hearing officer shall take testimony from all interested persons and shall make a recommendation to the council as to whether the matter should be referred for a hearing before an independent hearing examiner in accordance with the procedures set forth in

section 310.05. Where the application for the grant, issuance or renewal of a Class N license meets all the requirements of law, and where there exists no ground for adverse action, the director shall issue such license in accordance with law.

- (2) *Renewal*. The director shall in writing notify the council, and the affected neighborhood organization(s) established for citizen participation purposes, at least sixty (60) days before the expiration date of all Class N licenses. A public hearing on the renewal of any such license shall not be held except on the request of a councilmember, which request shall be incorporated in the form of a council resolution. Upon the passage of such resolution, the director shall give written notice of such hearing to the affected neighborhood organizations. Such public hearing does not replace or amend any of the procedures set forth in section 310.05 of the Legislative Code. If no request for a public hearing is made before the expiration of any such license, and where there exists no ground for adverse action, the director shall issue the license in accordance with law.
- (e) *Appeal; Class R or Class T licenses*. An appeal to the city council may be taken by any person aggrieved by the grant, issuance or renewal of a Class R or Class T license; provided, however, that the appeal shall have been filed with the city clerk within thirty (30) days after the action by the director. The only grounds for appeal shall be that there has been an error of law in the grant, issuance or renewal of the license. The appeal shall be in writing and shall set forth in particular the alleged errors of law. The council shall conduct a hearing on the appeal within thirty (30) days of the date of filing and shall notify the licensee and the appellant at least ten (10) days prior to the hearing date. The procedures set forth in section 310.05, insofar as is practicable, shall apply to this hearing. Following the hearing, the council may affirm or remand the matter to the inspector or director, or may reverse or place conditions upon the license based on the council's determination that the decision was based on an error of law. The filing of an appeal shall not stay the issuance of the license.
- (f) *No waiver by renewal*. The renewal of any license, whether Class R, T or N, shall not be deemed to be a waiver of any past violations or of any grounds for imposition of adverse action against such license.

(Code 1956, § 510.04; Ord. No. 17455, § 1, 5-21-87; Ord. No. 17551, § 1, 4-19-88; C.F. No. 94-500, § 1, 7-6-94; C.F. No. 95-473, § 3, 5-31-95; C.F. No. 95-1517, 1-31-96; C.F. No. 97-1446, § 1, 12-30-97; C.F. No. 99-500, § 2, 7-7-99)
