PO states they have had 3 recent surgeries which has prevented them from paying their garbage bill because they do not have any income. PO states they are over 70 years old and right now the social security check is being detained because they are waiting for their permanent residency to renew. At this time they have no access to any money. PO would like to know if any of their assessments can be disputed because of their medical situation.

PO states they would like to contest and request a hearing in spanish because their english is limited. Thank you!
