

I hereby wish to be put on the list to contest assessment

My contest is that following a small fire in my garage, a worker came to secure it by putting up some boards. It was 2 am.

I didn't want to disturb our neighbors further.

I did not want this done and I told him but he continued anyway.

Also the area he boarded up was only about 6x6 ft. That should not cost \$899.00

Thank you for reconsidering this excessive assessment.
