I am a receipt of your December 22 letter. We did not have a reinspection scheduled for the 22nd. The appeal results said that there could be an inspection after the 22nd but you did not choose to communicate with me a time.

Also, the results of the appeal canceled the requirement for painting out windowsills. The appeal also gave me until May 1 to do any exterior work. Please correct your orders and send them via email or I shall be forced to appeal once again.

Thank you for your prompt attention to this matter.

Ron Staeheli
