Hi Barb,

That is correct. The Friday sound check is something offered to the performers to ensure that we have time to fix any issues that may arise ahead of the event.

Thank you,
Nate

Good morning,

For clarification, please. The IndiaFest 2026 event date is for one day, Saturday, August 15, but the *pre-event* sound check request is for Friday, August 14, 2026, correct?

Please advise.

Thank you,

Barb

Hi, Nate and Clint,

www.stpaul.gov, Sound Level Variance

The attached SLV application for India Fest 2026 still shows the dates of August 14 and August 15, 2026. Was a new SLV application submitted to reference one date only? If not, please re-submit to those on the email, as the application is part of the City Council Public Hearing official documents and needs to reflect the correct date(S).

Thank you,

Barb

Nate,

That differs completely from what was provided on your application.
If you could be so kind to [resubmit a new form](#) with the correct information as to prevent any confusion at Council?

See attached for the original application submitted.

Thank you.
