Subject: Please vote NO on more Skydio drones for SPPD
Date: Tuesday, September 8, 2026 9:40:22 PM

You don't often get email from christaandpaul@juno.com. [Learn why this is important](#)

Dear Council Members,

Here are the reason I expect you to not allow SPPD to gain permission retroactively for a grant application done without the Council's approval:

--There are no safeguards or oversight preventing abuse by SPPD or any federal agencies

--Federal Agencies, including ICE, can get the footage just by asking SPPD

--There is no way for a resident to tell if they or their home has been tracked by drones

--SPPD has not provided concrete evidence that their current drones actually prevent crime or improve emergency response

--Skydio drones were tested by murdering innocent families and children in Gaza

--City Council should not only vote NO on more Skydio Drones for SPPD (Resolution 26-1399), but also end SPPD's current contract with Axon

--I don't want Flock cameras or ANY mass surveillance tools, regardless of the company!

Thank you for voting NO,
Christa Ernst
Ward 5
