A 501(c)(3) Non-Profit
Organization

Deputy Chief Kurt Hallstrom,

On behalf of the St. Paul Police Historical Society, I respectfully request your consideration of donating a surplus St. Paul Police Department squad car to our organization for historical preservation and educational purposes.

The mission of the St. Paul Police Historical Society is to preserve, protect, and share the rich history and traditions of the St. Paul Police Department. Through our collection, we strive to educate the public, honor the men and women who have served the department, and inspire future generations to appreciate the legacy of law enforcement in our community.

A retired squad car would be an important addition to our historical collection. The vehicle would be restored and maintained, when appropriate, in its original departmental appearance and used exclusively for educational displays, community events, historical exhibits, parades, and other public outreach activities. It would serve as a tangible reminder of the department's proud history and the evolution of policing in St. Paul.

We understand that surplus vehicles are subject to departmental policies and applicable city regulations. Should a donation be possible, the Historical Society is prepared to work with the appropriate department personnel to complete any necessary documentation and ensure the vehicle is transferred in accordance with all applicable requirements.

We greatly appreciate the St. Paul Police Department's longstanding commitment to preserving its history and supporting community engagement. A donation of a surplus squad car would help us continue that mission and ensure an important piece of the department's heritage is preserved for future generations.

Thank you for your time and consideration of this request. We would welcome the opportunity to discuss this proposal further and answer any questions you may have.

Respectfully,

Sergeant Kevin Reinke (Retired)
President, St. Paul Police Historical Society
