Hi Liam,

I got your voicemail. You made a request to reschedule your Council meeting next week. Ms. Joanna Zimny, Legislative Hearing Officer, stated that if you can submit a written statement for your appeal to Council, she can review it. On August 18, 2026, when you had your first hearing, you indicated you removed the logs, but one of the logs is back on the blvd. Looking at the most recent photos (see attached) taken by Inspector Yang on 9/15/26, the boulevard has wood chips, planter box, a log and large rocks. The Legislative Hearing Officer is fine with the wood chips/mulch; however, the photos show that some are migrating to the sidewalk and there continues to be large pieces of tree barks which is not acceptable. Item related to the planter box; we are not sure if this got approved but will let Zoning decide. The 2 still not in compliance are the large rocks and the log. If those can be removed by 9/23, no action will be taken.

Mai Vang
