To Whom it May Concern,

I'm emailing a public comment in regards to council meeting taking place on Wednesday, September 30th to discuss appointing a law firm to represent Mayor Kaohly Her. I am a resident of St Paul residing at 1476 Selby Ave & work in Downtown St Paul.

My comment is as follows: I think the St Paul Council needs to think long and hard about approving the city paying for the legal defense for Mayor Her in the suit against her & the city brought forth by the police chief. St Paul is trying to reconcile a budget shortfall and the allegations against Mayor Her were substantiated to at least some extent. I ask the council members to ask themselves if allowing the city to pay for her legal defense is being good stewards of tax payers money.

Thank you,
Adriana Peck
